

**Group competition - Translation notes for leaders**

1. Please do not translate 'COUNTRY NAME' at the top of the page, but replace it with your country name in English, e.g. 'POLAND'.
2. Please do not translate the IAU abbreviations in column 2 of the table in question 1. You may of course translate the heading and the other columns as required.
3. In question 3, please do not change the 'M' in the example ('Tripod'), as it refers to the label on the photograph.
4. In question 4, you can change the labels on the diagrams if necessary, but please do not change the size or proportions of the diagrams.
